PROFESSIONAL SUMMARY

Enthusiastic Computer Science Engineering graduate with a strong academic background and a passion for building a career in the IT industry. Possess good problem-solving, analytical, and communication skills with the ability to learn new technologies quickly. Seeking an entry-level opportunity to contribute effectively to an organization while continuously improving my technical and professional skills

EDUCATION

Annamacharya Institute of Technology and Sciences [2022-2026]

Bachelor of Technology (B.Tech) in Computer Science and Engineering

CGPA: **8.7** | Rajampet, Andhra Pradesh

Sri Chaitanya Junior College [2020-2022]

Intermediate (MPC)

Percentage : **93%** | Kurnool, Andhra Pradesh

Yashoda Garden High School [2020]

Secondary School Certificate (SSC)

Percentage : **97%** | Pattikonda, Andhra Pradesh

SKILLS

□ programming	:	JavaScript, Python, SQL
□ Devops Tools	:	Git, Github, Docker, Jenkins, Kubernetes
□ Cloud	:	Amazon Web Services (AWS)
□ Operating Systems	:	Linux, Windows
□ Languages	:	English, Telugu

PROJECTS

Blockchain-Enabled Federated Learning For Privacy-Preserving Cryptocurrency Fraud Detection

- Developed a python-based fraud detection system using Federated Learning and Blockchain technology for secure Cryptocurrency transaction analysis
- Implemented Federated Averaging (FedAvg) for decentralized model training without sharing raw user data
- Applied Differential privacy and SHA-256 hashing techniques to improve data security and privacy protection
- Integrated Ethereum blockchain and solidity smart contracts to store training logs and model updates securely
- Used Python, Flask, Scikit-learn, Pandas, NumPy, for preprocessing and model training

Calculator Application System

- Developed a Java and JavaFX-based application to manage mathematical operations with user Interface pane
- Implemented features like Arithmetic operations, Input Handling, Error Handling and Console Interface
- Used OOPS concepts, collections, and interactive JavaFX UI for smooth functionality and user experience

EXTRACURRICULAR ACTIVITIES

- Student Coordinator in Institution Innovation Council (IIC) at AITS, organized events like CODEZEN-2K24.
- Worked collaboratively in academic team projects
- Participated in college technical seminars and workshops
- Presented a 10-minute PPT on Academic Project, earning positive feedback from industry professionals

CERTIFICATIONS

NPTEL: Introduction to Industry 4.0 and Industrial Internet of Things, Rural Water Resources Management.

- Internship on Cloud Computing (AWS)
- Internship on Natural Language Processing and Artificial Intelligence
- Workshop on Data Science and Machine Learning
- Online workshop on Python
